FOOTBALL TOSS GAME

ASSEMBLY/SETUP INSTRUCTIONS

1. Select a level area to operate game with plenty of room to allow for a line to form.
2. Assemble framework, per sketch. Note that the eight longer pieces of tubing are used to form the sides (2 per side) while the four shorter capped pieces are to be used to create the base. (Be sure to tighten down the fittings using the small bolts on them.)
3. Attach canvas to the framework using the Velcro straps.
4. If using the "Football Toss" game outdoors, it is **strongly recommended** to use stakes or sand bags on pavement (not provided) to secure.

*****FOR SAFETY'S SAKE*****

1. Be sure there is plenty of clearance between the player and the spectators.
2. Keep spectator's clear from the sides and back of the setup to prevent from being struck by deflected or errant throws.
3. When using the game outdoors, if wind or weather conditions become a consideration, always be sure the game is staked down securely. If in doubt, suspend play and dismantle the framework to prevent injuries.

NEVER USE THE EQUIPMENT IN STRONG WINDS OR LIGHTENING

4. Use only the footballs that come with the game.
